a
nucleoli DFC via
nucleoli DFC + Actinomycin
unseen - not in training set
b
nuclear pores via
nuclear pores + Thapsigargin
seen - part of training set
c
microtubules via α-tubulin
nucleoli DFC + Actinomycin
unseen - not in training set
d
golgi via sialyltransferase
golgi + Rotenone
seen - part of training set
e
mitochon-dria via
mitochondria + Rotenone
seen - part of training set
